

November 5, 2016

Mr. Hannan:

On behalf of the Board of Directors of The Edgewood Museum, thank you for the \$3000 check recently received from Spahn & Rose to support our project. Your commitment to our community betterment effort is much appreciated.

Phase One of our project to refurbish the old Edgewood Feed Mill into a museum is nearing completion, with drywalling, paint, and carpet left to complete. We are coming in under budget, and expect to open to the public in the spring after spending the winter organizing and documenting donated artifacts, thus establishing the foundation of our permanent collection. A grand opening event will be held in conjunction with the 27th annual Edgewood Pro Rodeo Days community celebration in late June.

Attached is a photo of the presentation of the check by Tony Ostwinkle, S&R Manager--Edgewood, to Art Johnson, co-incorporator and treasurer of The Edgewood Museum Corporation. The photo will appear with a suitable story in the local newspaper and on our Facebook page. You may use the photo as you wish for your purposes.

Again, thank you!

Art Johnson
Co-incorporator & Treasurer
The Edgewood Museum Corporation
